The goal of the Gifted and Talented Program is to offer a differentiated curriculum by providing curricular and instructional adaptations that address the unique needs of high ability learners. At Bryan Middle School, the program is organized to address those needs through a combination of the following methods:

**Differentiation**
Bryan Middle School’s Gifted & Talented Program works to provide academically challenging opportunities for our high ability learners every day in the classroom. This is achieved through differentiated instruction using tiered lessons/activities, acceleration, and independent projects. The emphasis is always on high achievement for every student.

**Advanced Classes**
- Algebra
- Geometry
- Spanish for Native Speakers

**Contests/Competitions**
High ability students at Bryan Middle School have many opportunities to participate in contests and competitions. The following is a list of some of the contest and competitions that we will be participating in:
- Think Tank
- Book Blasters
- Quiz Bowl
- S.M.P. Engineering Competition

**Enrichment Activities and Clubs**
Bryan Middle also sponsors various all-school enrichment opportunities that go beyond the classroom. Listed below are some of the opportunities available to students:
- Art Club
- Drama Club
- AIM Trio Talent Search
- Hispanic Employment Council (HEC)
